

36" and 42" OAL

← Choose the connection that best fits your power unit. (See list to the right)

For added versatility, Pengo offers a 24" CS Extension. This extension is available with all the same hub options as the CS auger and fits the Pengo 2" collar. This extension eliminates the need for having multiple augers to use with a variety of power units.

CONNECTIONS

ROUND SQUARE: 7/8" GROUNDHOG, 1 1/4" LITTLE BEAVER

ROUND: 1 1/4" STIHL, 1" GENERAL, 2" PENGO

HEX: 1 3/8" GENERAL

AUGER DIAMETERS

2" 3" 4" 6" 7" 8" 9" 10"
12" 14" 16" 18" 18"

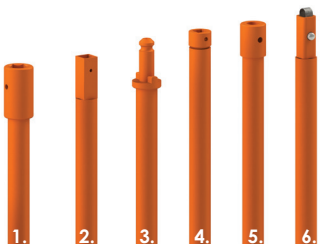

CUT DIAMETER
Cut diameter is 1 1/2" larger than auger diameter.

DRILLING SOIL CONDITIONS:

The Pengo's CS hand held Auger is specifically developed for two-man power units and those applications requiring high duty cycles. Designed for the true professional, the CS line provides the flexibility to fit a variety of hub sizes. Maintenance remains simple and fast with Pengo's custom designed Fas-N-Lok® tooth design.

STANDARD HUBS AVAILABLE:

	HUB SIZE	MFG
